Vita Flex CR System

Speed. Productivity. Quality.

Upgrade Your Practice from Film to Digital.

SMART IMAGING SOLUTIONS

Big Performance for Smaller Facilities.

If you're like many small practices or clinics, you know the tremendous value that in-house digital imaging can deliver.

But the high cost of entry for digital may be holding you back – not to mention the limited floor space you have for installation of such a system.

Meet the CARESTREAM Vita Flex CR System – designed specifically for facilities like yours. It delivers high-quality digital images to speed workflow and improve patient care, and offers a range of throughput rates to match your workflow needs. Compact design makes it a great fit for smaller spaces. And its affordable price tag makes it possible on nearly any budget.

Advantages at a Glance

- Eliminates the need for ongoing purchases of film and the use of harsh chemicals.
- Going digital saves hours compared to time-consuming film-based radiography.
- Unique space-saving design allows unit to be set up vertically or horizontally.
- Compact, lightweight and affordable – ideal for smaller facilities.

FlexFit Means There Are Two Ways to Save Space.

Vita Flex's benefits for small offices don't end with its compact footprint. You can find the fit that's best for you. Vita Flex fits on a tabletop, desktop, sitting on the floor or in the back of a van. You can position it in a traditional horizontal configuration, or set it up vertically if that's a better fit for your space.

Now that's flexibility.

Custom-Designed with Your Needs in Mind.

Why pay for capabilities you don't need and won't use? Large, complicated digital-imaging systems are overkill for your facility's needs. Vita Flex CR delivers precisely – and only – the capabilities you require. Just consider these advantages:

AFFORDABLE PURCHASE PRICE

- Go digital without breaking the bank.

STREAMLINED OPERATIONS

- Say good-bye to ongoing purchase of consumables.
- Forget the need to handle harsh chemicals.
- Now there's no more film to process.

SMALL AND LIGHTWEIGHT

- Save valuable space with Vita Flex's compact footprint.
- Configure it vertically or horizontally to fit the tightest spaces.
- The system transports easily for mobile imaging.

HIGH-QUALITY IMAGES

- Upgrade to superb digital images.
- Enjoy easy-to-use Image Suite acquisition software.
- Utilize powerful analysis tools in the software to improve diagnostics.

SPEEDY PERFORMANCE

- View high-quality images in just minutes.
- Choose the throughput rate that best suits your workflow and exam types (30, 45 or 60 PPH).

EXPERIENCE THE VERSATILITY

- Select from multiple cassette sizes.
- Handle all major exam types with confidence.
- Dental Panoramic Kit option allows for fast and accurate dental imaging.

NO MATTER WHICH ROAD YOU'RE ON,
WE'LL GET YOU WHERE
YOU NEED TO GO.

SMART IMAGING SOLUTIONS

Save Time. Save Money.

Innovative Options for Installation and Service.

Vita Flex introduces a progressive new approach to installation and service. Naturally, you can opt to have both handled by one of our expert technical-support people. But if you're even a little bit handy, you can meet these needs on your own – and in the process save yourself both hours and dollars. No tools or heavy technical expertise needed!

SELF-INSTALL OPTION

- Set up and start scanning immediately with easy self-install.
- Go from carton to first image in less than 90 minutes.
- Or, choose full-service installation from a certified technician.

SELF-SERVICE OPTION

- Fast self-repair maximizes uptime and budget.
- Fix it yourself with three easy, field-replaceable units.
- Or, call for full service from a certified technician.

IDEAL FOR MOBILE APPLICATIONS

Need to take Vita Flex on the road? Its small size and light weight make it a breeze to transport and use in the field.
